PROFILE

Front-End Developer proficient in HTML, CSS, JavaScript, React, and Angular. Experienced in creating responsive, user-friendly web apps and optimizing interfaces for performance. Strong problem-solving skills with a focus on cross-browser compatibility. Adept at working remotely and collaborating with teams. Passionate about applying best practices to deliver high-quality, scalable solutions.

WORK EXPERIENCE

Freelance   2022 - PRESENT
Front-end Developer

- Developed dynamic, user-centric websites and web applications for clients across various industries.
- Utilized React, JavaScript, and CSS to create responsive and interactive user interfaces.
- Collaborated with clients to understand project requirements, providing timely updates and solutions.

Hewlett-Packard Enterprise   Jan 2025 - Mar 2025
Software Engineering Intern

- Built and deployed a web server application using Java Spring Boot, supporting HTTP requests and JSON data uploads.
- Wrote and ran unit tests to assess application performance and reliability.
- Contributed to team efforts in developing RESTful web services for efficient employee management.

Walmart GlobalTech   2025
Software Engineering Intern

- Completed the Advanced Software Engineering Job Simulation where I solved difficult technical projects for a variety of teams at Walmart
- Developed a novel version of a heap data structure in Java for Walmart's shipping department, showcasing strong problem-solving and algorithmic skills.
